VOLUME:08 | MARCH 2021

**HELP YOUTH
OVERCOME THE
IMPACT OF POVERTY
THROUGH SKILL
TRAINING**

CHAIRMAN'S MESSAGE

Aslam Khaliq - Chairman
The Hunar Foundation

During these challenging and uncertain times in which the effects of COVID-19 have been felt on our lives and communities globally, I have found inspiration and optimism in the work we do. The pandemic has shown us that it is even more important today than ever before to empower the youth, leaders of our next generation, with necessary employable skills so that they can reach their full potential, become financially empowered and contribute to Pakistan's economy. This crisis has laid bare the long-standing inequities and disparities that we can no longer turn away from nor turn our back on.

I am sure that you, our dedicated supporters and donors, share my view that we have a collective responsibility to assist our marginalized youth and propel them and Pakistan's future to stable grounds and the only way we can achieve this together is through skills training which will help the youth overcome the impacts of poverty on their life, including this pandemic.

While THF has had setback in countless ways due to COVID- 19, it has also given the THF Team an opportunity to innovate, make our work even more relevant through expansion in new areas and also dive into creative outlets of teaching such as, delivering theoretical content online to reduce loss of studies and to continue with communication between the instructors and students.

THF is responding to present-day challenges, working hard and forging new relationships with donors and partners locally and globally.

Thank you to our supporters and donors for their ongoing trust in the organization as we continue to move forward and embark to new heights.

Stay Healthy, Stay Safe!

WE HAVE A COLLECTIVE RESPONSIBILITY

to assist our marginalized youth and propel them as well as Pakistan's future to stable grounds.

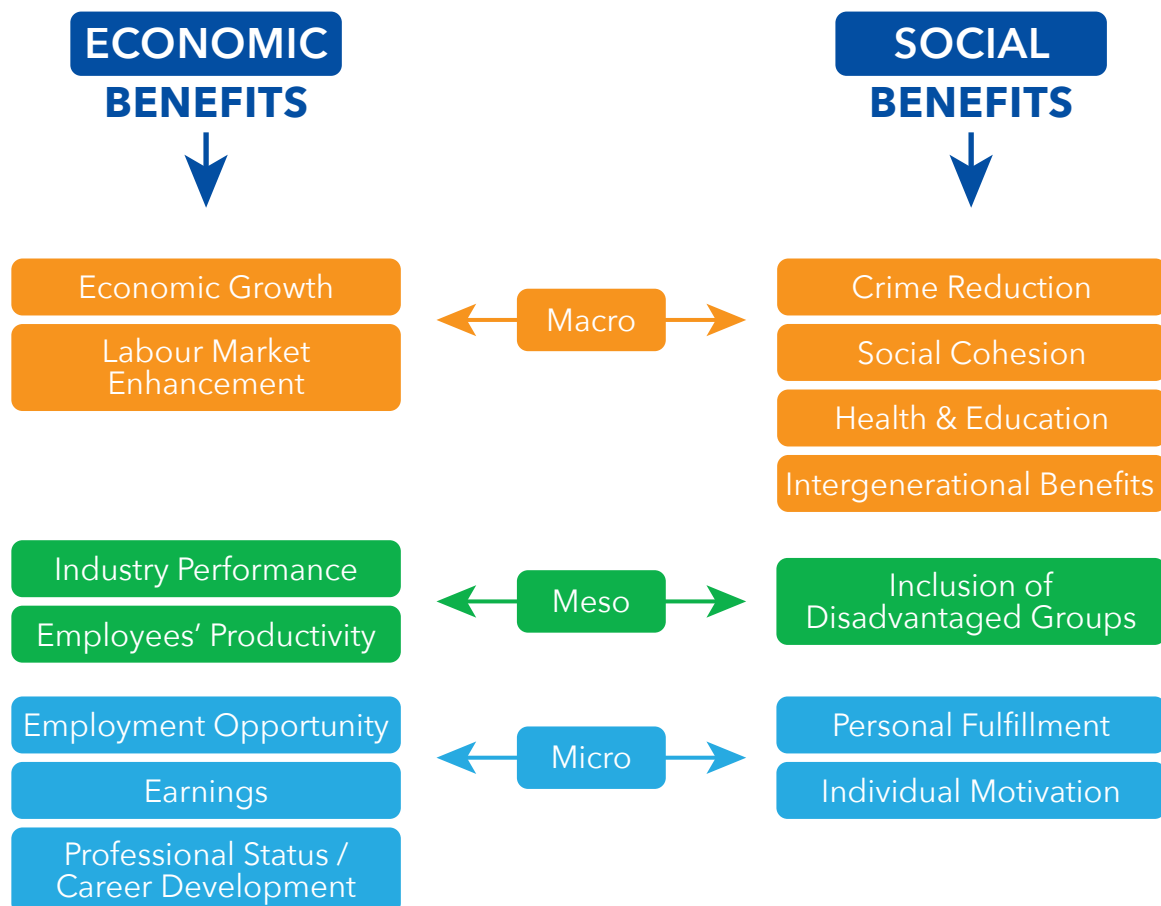

INDUS HOSPITAL COLLABORATES WITH HUNAR

The Hunar Foundation and Indus Hospital signed an Agreement on 17th June 2019 at Hunar's Tariq Road Campus, Karachi in the presence of CEO Indus Hospital, Dr. Abdul Bari Khan and Dean & Senior Executive Director Dr. Zafar Zaidi for the purpose of introducing Allied Healthcare and related courses which are currently in demand within the Healthcare Industry and will be taught at Korangi Campus, Karachi. These courses are successfully operational and both parties are contributing their respective strengths, experiences and resources in order to achieve this mutually beneficial objective of "A Skilled Pakistan".

THE IMPACT OF YOUR DONATION TO THF

KORANGI COMPLEX

The Hunar Foundation (THF) Institute at Korangi, Karachi is spread over 2.75 acres located at Ibrahim Hyderi Road, Korangi, Karachi. This complex includes both Boy's and Girl's Training Campuses as well as a Teachers Training Centre.

THF Korangi Complex envisions graduating over 2500 students across its 9 modules which will be offering trainings in various existing conventional trades as well as advance Technology trades such as Robotics, Mechatronics, Internet of Things, Advance Manufacturing and 3D Printing.

MUSTAFA KASSAM TEACHERS TRAINING INSTITUTE

Since there is a tremendous requirement for qualified trainers over the next decade, THF aims to introduce 'Train the Trainers' program for which two buildings within the Korangi Complex have been dedicated for the purpose of providing prospective and existing teachers with necessary skills and expertise to impart high quality training to students in the TVET sector.

WOMEN'S INSTITUTE

100 GIRLS WILL GRADUATE

FROM ITS BEAUTY THERAPY COURSE IN 2021

For our vision of empowering women, The Hunar Foundation started its operations of Korangi Complex with its first female institute in the name of Saeeda Naseem Technical Institute which will be graduating 100 girls from its Beauty Therapy Course in 2021.

In the mission of skilling the marginalized youth the support of our esteemed donors have always been very encouraging without whom building A Skilled Pakistan would never have been possible.

A SOLAR-POWERED INSTITUTE

THF is not only working for a Skilled Pakistan but also striving towards a clean and green Pakistan. Currently a Solar Energy System is being installed at THF Korangi Complex in Karachi and this conversion will immediately reduce the carbon footprint as well as reduce the monthly electricity expenses. Another Solar Energy System will be installed in THF Bedian Institute in Lahore in the coming months, made possible through the generous donation of Dr. Farouq Ahmed. For third world countries like Pakistan, that have unstable electrical grids, Solar Solutions provide continuous electricity amidst frequent power outages.

A SOLAR ENERGY SYSTEM REDUCES THE CARBON FOOTPRINT AS WELL AS REDUCES THE MONTHLY ELECTRICITY EXPENSES.

INITIATIVES TAKEN DURING COVID-19

1 ONLINE EDUCATION:
Due to THF Institute lock-downs during COVID-19 pandemic THF implemented a mitigation strategy of delivering theoretical content online. The objective was the continuation of training programs through an online platform to reduce loss of studies, encourage effective communication, and to minimize student drop-outs when lock down is over.

2 DEVELOPING & DISTRIBUTING PPE:
THF Trustees and donors had engaged industry professionals to develop over 15,000 Personal Protection Equipment (PPE) for the safety and security of doctors and paramedic staff to take care of COVID-19 patients. Gear was distributed to leading government & private hospitals of Karachi and Lahore.

3 DISTRIBUTION OF RATION BAGS:
During this unprecedented pandemic, with the support of its valuable donors, THF was able to step forward in the Distribution of Ration Bags to assist the needy families of THF students. Over 500 families in Karachi and Lahore were assisted through a collaboration with Karachi Relief Trust in Karachi and SabSaath – an initiative of Zaman Foundation in Lahore.

LAUNCH OF NEW TRADES

3D ANIMATION, VR & SIMULATION

The Hunar Foundation (THF) in collaboration with Microvision School of Animation (MSOA) organized a Launch Ceremony of 3D Animation, Virtual Reality and Simulation program. THF envisions to Empower Youth of Pakistan with modern technologies and trends to succeed in life. This auspicious event was held on 15th November 2019 and was attended by Board of Trustees of THF and the distinguished dignitaries, Industrialists & Professionals from the Tech world.

First Lady, Mrs. Samina Alvi graced the occasion as the Chief Guest and appreciated the initiative of both the organizations with an aim to provide students with new employable opportunities within the world of Animation &

Simulation. She urged that such initiatives and courses should also be introduced to accommodate more female members of the society offering Freelancing / E-lancing opportunities

MOTORCYCLE MAINTENANCE TRADE

Pakistan is the 5th largest motorcycle market in the world after China, India, Indonesia and Vietnam. Everyday 7,500 new motorcycles are sold putting Pakistan on the list for World's fastest growing two-wheeler market soaring at rates of over 20% a year.

Keeping in view this growing demand and anticipating the need for trained motorcycle repair mechanics, THF launched a new trade called Motorcycle Maintenance in THF Institutes in Lahore, Kharian and Karachi. The launch of this new trade was made possible by generous donations of Security Papers and Dr. Farouq Ahmed.

SUCCESS STORY

A SOURCE OF INSPIRATION FOR GIRLS

Hafsa Irfan, a young energetic girl belonging to a middle class family, had a passion to pursue her career in Customer Services. But could not do so because of her financial constraints and had to discontinue her education after Matriculation.

This was when she came across The Hunar Foundation through an Admission Drive and enrolled herself in Call Center Training program at Central Vocational Institute Saddar, Karachi. As soon she completed her Customer Service Representative course at Hunar in 3 months, she was offered a job at IBEX (Subsidiary of TRG International) and with her extra-ordinary performance was awarded "Exceptional Performer for the Quarter" award within just few months of her service.

Hafsa is earning Rs.25,000 with other perks and incentives offered by the company and is now able to pay medical bills of her retired and paralyzed father, making him proud.

Also made it possible with her savings to shift to a better locality after getting settled in her job.

Hafsa proudly recommends others to study at Hunar in various courses offered, especially girls to pursue their dreams for a brighter future and become empowered. She also admitted her sister in the same program she studied and thanks Hunar for being the catalyst of her professional progress and the financial stability of her family.

**FOR ACHOO,
THE SECRET OF
SUCCESS IS ONLY
HARD WORK &
DEDICATION.**

SON OF A FARMER BECOMES A WORKSHOP OWNER

Achoo, belonged to a marginalized family living in the surroundings of Tando Allahyar and worked in the fields, but had a dream. Despite all the odds he had a goal to do something to share his father's financial burden and make him proud. Achoo came to know about The Hunar Foundation through a local newspaper which mentioned about Hunar, Rashidabad campus offering scholarships sponsored by OGDCL for various technical courses. He appeared for its entry test and enrolled in Motorcycle trade and successfully completed his six months diploma course.

After completion of course he worked at a repair workshop for a few months to develop hands-on knowledge and skills. He then started his own repair & maintenance Auto Workshop. With his earnings he now supports his family, at the same time has upgraded his workshop by adding tire puncture services and provision of spare parts to increase earnings. With a monthly income of Rs.40,000 approximately he has paid off his father's debt and helped him open a fruit stall at the corner of his workshop to keep him engaged.

Now he is proudly sharing his family's burden besides supporting few other families by hiring four workers at his workshop.

SHAB-E-HUNAR, KARACHI

An Evening of Ghazal and fundraiser was organized by the Friends of Hunar, Karachi on 20th Nov 2019.

The beautiful renditions of classical Asian music by Tanya Wells of Seven Eyes, made it a magical night for its guests. The event, which was geared to spread awareness and raise funds was attended by over 300 notables including city philanthropists, captains of industry and eminent business men and women. The event was able to raise funds and pledges for the completion of Korangi Complex in Karachi and sponsorship of THF students.

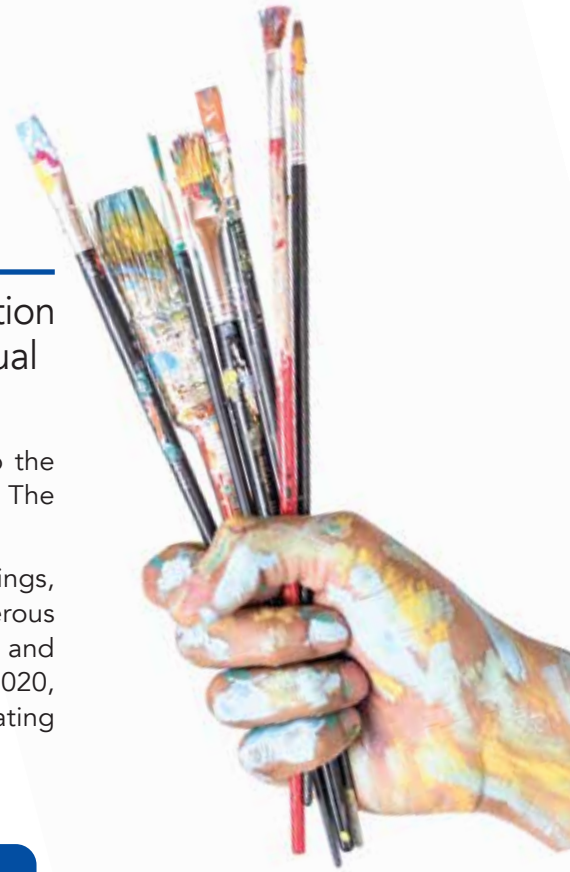

HUNAR ART, 2020

A novel fundraiser, an Online International Art Exhibition initiated by Friends of Hunar (FOH) in lieu of the annual fundraiser during the pandemic.

It aimed to showcase the best face of Pakistani contemporary art to the International Art world, to raise funds for student sponsorships for The Hunar Foundation.

The exhibition presented a body of great artwork including paintings, ceramics and sculpture, (108 artworks by 100 artists) donated by generous artists, both established and emerging, as well as private collectors and gallery owners, to support the cause. The response to Hunar Art 2020, locally as well as internationally, was overwhelming. The participating artists, gallery owners and private collectors were:

THF FUNDRAISERS GO GLOBAL

AN OCTOBER TO REMEMBER, CANADA

THF Canada Board organized an informal Dinner with a Comedy Night hosting the world renowned Comedian, Writer and Performer Saad Haroon.

The main aim of this evening was to bring supporters and potential donors on one platform and spread awareness about mission of Hunar. The evening was thoroughly enjoyed by the audience with the comedy of Saad Haroon and raised the much needed funds for the technical training of marginalized youth of Pakistan.

MEMORABLE EVENING, FLORIDA

A fundraiser event, Music Legends of Pakistan, was organized by members of THF South Florida Chapter to pay tribute to a few artists through the melodic voices of Atif & Rashid – The SYNDICATE while supporting THF's cause and raising awareness to the importance of technical training for Pakistan's youth. The evergreen classics of Nusrat Fateh Ali Khan, Noor Jehan, Nazia Hassan; whose music inspired generations, were enjoyed by all those in attendance and great support was raised for the sponsorship of boys & girls in THF Institutes.

CANADA TELETHON LIVE ON TORONTO360

The first ever Telethon was aired on Toronto360 TV with the support of Mr. Mehboob Shaikh and Canada Board on 18th May 2020 which received a positive response from international donors and hence become a setting stone for future Telethons.

USA-CANADA TELETHON LIVE ON ARY DIGITAL

A mega first ever Telethon on premier TV Channel ARY Digital was announced by THF USA Board on 25th October 2020 and was supported by Toronto 360 TV to air in Canada.

It was hosted by Mr. Mehdi Hasnain, President Global Outreach along with TV Anchor Palwasha Yahya and a guest host Sidra Iqbal. Board members from USA, Canada & Pakistan were also a part of the Telethon and it was all made possible with the support of esteemed donors who joined us live from across USA/Canada and made pledges contributing towards building A Skilled Pakistan. It became a huge success as Hunar finally arrived in the Tele-media in North America.

Sidra Iqbal

The Telethon received great support from Showbiz Industry of Pakistan who participated LIVE on Zoom; Shehzad Roy - Singer, who performed LIVE and sang a melody especially made for THF adding to the momentum of the Telethon. Ayy Khan - Actor, Sidra Iqbal - Anchor, Nabila - Fashion Icon of Pakistan and also a Co-Founder of Hunar's Women's Institute in Karachi & Anwar Maqsood - Legendary Artist and Writer who sent a heartfelt message in support of THF's cause.

Shehzad Roy

**IT BECAME A HUGE SUCCESS
AS HUNAR FINALLY ARRIVED
IN THE TELE-MEDIA IN
NORTH AMERICA.**

Palwasha Yahya

Some other eminent personalities who sent special video messages to support THF Telethon were; Shafqat Mehmood - Education Minister, Chairman NAVTTC, Javed Hasan, Syed Babar Ali - Founder LUMS & Chairman Packages. Collectively they all urged the importance of technical training for the future stability of Pakistan's economy, the need for educationalists to revolutionize the curriculum and for the Industry to play a bigger role for the success of technical training for Pakistan's bulging youth.

Syed Babar Ali

The show was blended with recorded pledges of doctors, engineers and supporters from Silicon Valley along with other foreign donors' fraternity from South Florida, New York, Houston, California, Michigan, New Jersey, and Ottawa.

Anwar Maqsood
